

Prepare for further study

with the New Zealand Certificate
in Study and Career Preparation
Level 3 NZ2863

Gain the skills needed for higher level study

This certificate is designed to equip you with the academic skills and entry requirements for a range of certificates and diplomas. It will also give you the confidence you need to take your studies to the next level.

Please note:

- All pathways are offered in Christchurch.
- In Timaru, we only offer the health pathway in February.
- The first number in the course code indicates the level (eg CSCP300 is a Level 3 course).
- Some maths courses have a pre-requisite.
- Only one Level 2 course may be selected in any pathway.
- All courses are 15 credits and the whole programme of four courses totals 60 credits.
- Completion of the certificate does not mean automatic entry into diploma programmes. Graduates of this programme must apply and meet all requirements of their destination diploma programme.
- If your goal is a degree you will also need to complete the New Zealand Certificate in Study and Career Preparation Level 4.
- The maximum period of time to complete the programme is 2 years. Extensions may be approved in some circumstances by the Head of Department.

Entry requirements for the New Zealand Certificate in Study and Career Preparation Level 3

To be successful in this programme, you will need some reading, writing, maths and computer skills, and access to a computer with a reliable internet connection.

If you would like to improve your basic computing skills, check out our free or low cost study computing options.

If your reading and writing skills are not ready for level 300 course work, you will be required to attend Adult Literacy classes. If you would like to improve your literacy skills prior to study, check out our free Adult Literacy courses.

If you need to talk to an Ara staff member to ensure your expectations match the programme and to discuss any support you might need during your study, please contact us.

English language

This programme has open entry, however English language requirements apply. If English is not your first language you may be required to provide evidence of your English language skills.

Please refer to our website for relevant IELTS information. If you have no evidence of your English language skills and you're a New Zealand citizen or resident, please contact us for an assessment.

Programme structure

The tables below show the courses required for each study pathway. You can study each pathway full-time or part-time over two years and complete the courses in any order.
