The smart way to get ahead

If you're 16-19 years old and not at school or working, a Youth Guarantee programme is the smart way to get ahead.

Available in a wide range of subjects, these free programmes set you up with great foundation skills for employment or further study, and enable you to make confident decisions about your future.

As a Youth Guarantee student you'll get:

- an orientation programme which includes how to access financial assistance
- transport support
- extra pastoral care
- specific cultural and learning support that's easy to access
- career planning and advice
- regular activities with other Youth Guarantee students
- access to counselling services
- guidance as you transition into work or further tertiary study

Fee-frees entitlement

Another great thing about studying a Youth Guarantee programme is that in most cases, you'll still be eligible to study fees-free at a higher level later. If you study a Level 2 Youth Guarantee programme, your entitlement for the government's fees-free study offer is not affected. If you study a Level 3 Youth Guarantee programme, and providing you earn 60 credits or less, you're still entitled to fees-free study up to another 60 credits.

Set yourself up for success: apply now for a FREE Youth Guarantee programme.

“

I walked out
confident
and with a
whole set
of skills.

”

Simon Wilke,
*Certificate in Hospitality
(Youth Guarantee)*

Please note: The course names listed above differ slightly from the formal name of the qualification awarded. When you complete one of these courses you'll receive a New Zealand Certificate in that subject. A New Zealand Certificate is recognised nationally and provides a pathway to higher-level study.

Every attempt is made to ensure this timetable is correct at time of printing however, information is subject to change. Ara reserves the right to amend or withdraw courses. All occurrences are subject to minimum number of enrolments, if sufficient numbers are not met Ara reserves the right to cancel the occurrence.
